Dear Messrs. Jaraysi and Witczak:

SAMPLING DOCUMENTATION OF THE 183-H SOLAR EVAPORATION BASIN SITE

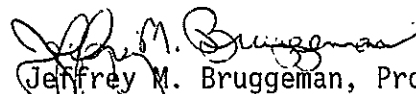

This letter transmits to the State of Washington Department of Ecology two documents related to the sampling efforts at the 183-H Solar Evaporation Basins for your information.

The first document is BHI-00922 Rev.0, 1995 Phase I Concrete Sampling at the Decontaminated 183-H Basins (Attachment 1). This report provides a consolidated reference for 1995 concrete sampling data in support of the basins' decontamination effort and modified closure.

The second document is BHI-00932 Rev. 0, 1996 Phase II Soil Sampling at the 183-H Solar Evaporation Basin Site (Attachment 2). This report consolidates the soil sampling data collected from the 183-H Solar Evaporation Basin site subject to modified closure.

If you have any questions, please contact me on (509) 376-7121.

Sincerely,

Jeffrey M. Bruggeman, Project Manager
Decontamination and Decommissioning Project
